(1) Pay during the 1st 3 years = 8 Rs p.m.

(4) " " 11 to 20 " = 15 "

(2) The proposal to qualify women as compounders is novel & to give them Rs 10 pay allowable after 3 years service is probably intended as an encouragement to the students who have come forward.

(3) The salaries of compounders of the female dispensaries at 6 Dist Head quarters towns are paid from D. F and municipal funds in the proportions of 2/3 and 1/3 respectively. If their pay during the probationary period be also charged to those funds, the budget provisions will be exceeded
